

# ARAH JAMES

FINE JEWELLERY

## Ring Sizer Instructions

### If you already have a fitting ring:

1. Print this page at 100%. Do not apply any scaling to the print.
2. When you have your print, measure this line with a ruler to check that it is accurate:  
 5cm
3. Place an existing ring over the template circles ensuring that you can see the whole circle through the ring.
4. Note your size.

### If you do not have a ring:

1. Cut a piece of paper into a strip and wrap it around your finger in the appropriate place.
2. When the paper fits snugly, tape it into place and slide it off your finger.
3. Take a ruler and measure the diameter of the paper from one edge to the other.
4. Use the chart to match the diameter

 D. 14.4mm C. 45.0mm	 D. 14.8mm C. 46.2mm	 D. 15.2mm C. 47.4mm	 D. 15.6mm C. 48.6mm	 D. 16.0mm C. 49.8mm	 D. 16.4mm C. 51.0mm	 D. 16.8mm C. 52.2mm	 D. 17.2mm C. 53.5mm
 D. 17.6mm C. 54.7mm	 D. 18.0mm C. 56.0mm	 D. 18.4mm C. 57.3mm	 D. 18.8mm C. 58.6mm	 D. 19.2mm C. 59.9mm	 D. 19.5mm C. 61.1mm	 D. 19.9mm C. 62.4mm	
 D. 20.3mm C. 63.7mm	 D. 20.7mm C. 64.9mm	 D. 21.1mm C. 66.1mm	 D. 21.5mm C. 67.3mm	 D. 21.9mm C. 68.5mm	 D. 22.3mm C. 70.1mm		

\*We always recommend confirming your size with a professional jeweller before any purchase.

Key:  
D = diameter  
C = circumference
